5 Major Contracts of the company

A) Implementation and Management of Cloud-Based Virtual Classroom System in identified schools in Andhra Pradesh

The total contract value of the Andhra Pradesh State Fibernet Limited (APSL) project amounts to Rs. 160 Crores inclusive of GST. This comprises Rs. 80 crores for the supply of materials and installation of video conferencing equipment and the balance Rs. 80 crores towards operations and maintenance. The company has completed a major portion of the supply contract. As of 31st March 2022, balance work at 59 schools, 1 District Studio, and Central Studio is still pending completion due to the non-allotment of sites from APSL. The Company has recognized revenue of Rs. 79.90 crores in earlier years in respect of the supply contract which includes unbilled revenue of Rs. 49.73 lacs up to 31st March 2022. This is in line with IND AS 115 – (Revenue from contracts with customers) accounting for contracts based on completion of the performance obligation. Prepaid expenses includes an amount of Rs. 479.91 lacs representing project work in progress in respect of this project. Against the milestone billings done of Rs. 79.40 crores, Rs. 17.85 crores have been received and balance of Rs. 61.55 crores is outstanding for more than 2 years.

The operation and maintenance part of the contract was taken up in February 2019. The management has not booked any Quarterly Guaranteed Revenue up to 31st March 2022 on this part of the contract amounting to Rs. 80 crores, in view of the uncertainty of collection. Keeping in view the old outstanding of Rs. 61.55 crores being carried forward and poor collection till date, the management is of the view that their decision for not accounting unbilled revenue for AMC charges is justified and proper due to uncertainty of collection. In support of the management's stand, the company has obtained an opinion from a subject matter expert.

The management has not classified the outstanding balance as doubtful of recovery and no provision has been made towards old outstandings. However, as per the Company's Expected Credit Loss (ECL) policy, the company has made a provision of Rs. 1.86 crores in Quarter 4 of the financial year 2021-22. The cumulative ECL provision made is Rs. 13.97 crores for the above outstanding. Also, in support of the management's stand, the company has obtained an opinion from a subject matter expert.

8 As per the revised ECL policy for non-Government business, receivables in the ageing bucket 'Greater than 365 days' is considered as 'Loss' and accordingly taken for the purpose of determining the historical loss rates. The historical loss percentage based on roll rate method is found out for non government business. For government business, the historical loss rate is computed based on the cumulative receivable amounts and the corresponding amount of loss given default for every bucket. Following percentage of receivables is considered as 'Loss' (LGD) for government business:

Period outstanding	Percentage of receivable considered as 'Loss'
2 years	20%
3 years	40%
4 years	60%
5 years	80%

The historical loss percentage is applied on the receivables' balances at the valuation date. Two more scenarios are constructed based on an analysis of the regression between the forward-looking macroeconomic factors and the receivable balances and appropriate probability weight is assigned for the two scenarios and probability weighted expected credit loss is computed. As per the revised policy and valuation report issued by the valuer, Rs. 1.56 crores should be provided as an Expected Credit Loss provision in case of Non-Government trade receivables and Rs. 4.31 crores in case of Government trade receivables. However, till date, the Company has made cumulative ECL provision of Rs. 14.54 crores towards Government Trade Receivables as per the current policy. Adopting a conservative approach the excess provision shall be adjusted against following year's provision.
